

PUBS WITH HEART
PROUDLY SUPPORTED BY SA HOTELS

IGC COMMUNITY GRANT FUNDING

IGC Community Grants

The Independent Gaming Corporation Ltd (**IGC**) is a not-for-profit company that provides a centralised monitoring facility for the management of gaming machines in South Australia. IGC provides grants to community projects. AHA|SA through 'Pubs with Heart' facilitate the community grants program by identifying and liaising with applicants throughout the application and grant process and providing recommendations to the IGC Board. All funding is provided by IGC from monies derived from monitoring fees paid by operators of licensed gaming venues in South Australia.

Whether a grant is provided for a project will be determined solely by IGC and no statements made by AHA|SA through 'Pubs with Heart' should be regarded as representations that IGC will approve, or has approved, a grant. AHA|SA through 'Pubs with Heart's role is solely to make a recommendation to IGC and IGC may accept or reject any such recommendation.

Things to note in applying:

- The approval process may take up to 3 months, depending on the nature of the application. Complex applications may take longer.
- A successful grant requires two levels of approval as follows:
 - Step 1 – Approval by the AHA|SA State Council representatives with a subsequent recommendation to the IGC Board.
 - Step 2 – Consideration by the IGC Board and a decision to make the grant.
- IGC will assess an application for a grant against such criteria as IGC considers appropriate. Those criteria may include those set out in the schedule "Criteria for Support".
- Previously 'unsuccessful' applications will not be reconsidered by IGC and AHA|SA through 'Pubs with Heart' will not recommend such projects to IGC.
- Feedback, in such form as determined by IGC, will be provided to unsuccessful applicants upon request.
- Projects for funding must be of a tangible nature and with outcomes that are clearly measurable. Where goods or services form a part of the request, two separate quotes must be included for the application to be considered.

- Preference given to local suppliers of goods and services will be highly regarded, however consideration will also be given to competitive pricing. If local suppliers are not proposed to be used, please provide an explanation why.
- Information evidencing current financial status including a P& L statement and Annual Report where possible, along with the most recent ACNC statement and a balance sheet is required in support of all applications.
- Following approval, you will need to supply invoices for any quotes initially provided. These need to be made out to IGC for payment.

CRITERIA FOR SUPPORT

Projects are funded by the donations program of Independent Gaming Corporation (IGC), which monitors licensed hotels and clubs in South Australia. 'Pubs with Heart' assists IGC in identifying and facilitating opportunities to make positive changes in the broader community through its community grants program.

IGC may have regard to the following when deciding whether to approve a grant.

- Projects should be accessible to people from across the State.
- Only one application per organisation will be considered in any twelve-month period.
- Projects can be a "once off", or over a longer term. Support will be provided for up to 12 months.
- Projects should reflect a high standard of integrity and identify the specific area of the community who will most benefit from assistance.
- Whether the project utilises the existing infrastructure of the fundraising organisation to coordinate and promote the funding of the project
- Preference will generally be given to causes that:
 - can demonstrate assistance to those sectors in the community that are in some manner historically 'disadvantaged'. For example, priority will be given to projects that support children, young people, physically and/or intellectually disadvantaged people, health-related programs, and community-based projects.
 - require funding of up to \$10,000.
 - benefit a charity or community organisation directly, without going through an intermediary.
- Where applicable, GST must be included in the total value of the funding sought.

IGC COMMUNITY GRANT FUNDING – APPLICATION FORM

All applications must be complete in their entirety and include the appropriate supporting documentation along with your organisation’s financial documentation and a quote or quotes where applicable.
